

修士(公衆衛生学)取得に伴う医学2専攻のデュアルディグリープログラム

[履修方法・修了要件]

分野/コース/領域等		修士(公衆衛生学)取得に伴う医学2専攻のデュアルディグリープログラム	
科目区分	科目群	条件または科目名	修得単位数
基礎科目	共通基礎科目	必修「社会医学概論」(2単位)	14
		必修「医生物統計学概論」(1単位)	
		必修「疫学概論」(1単位)	
		必修「医科学セミナーⅤ(疫学・生物統計学)」(2単位)	
		必修「医科学特別演習」(8単位)	
		* 選択必修	単位数については下記参照
専門基礎科目	共通専門科目	必修「医療経済学」(1単位)	5
		必修「健康行動科学論」(1単位)	
		必修「保健医療政策学」(1単位)	
		必修「医療管理学」(1単位)	
		必修「ヘルスサービスリサーチ概論」(1単位)	
		* 選択必修	単位数については下記参照
専門科目	専門科目	必修「疫学特論」(2単位)	4
		必修「医生物統計学特論」(2単位)	
		* 選択必修	単位数については下記参照
		修了単位数	30

※フロンティア医科学専攻の他コースの基礎科目及び専門科目は、フロンティア医科学専攻のページを参照すること。

【履修方法】

・このプログラムを履修する者は、所定の手続きを行い、履修を許可された者のみとし、以下の修了要件を満たすこと。

【公衆衛生学コース修了要件】

・必修科目23単位と、選択必修科目6単位以上、および基礎科目・専門基礎科目・専門科目、大学院共通科目、他専攻の科目を合わせて30単位以上を修得し、かつ、修士論文を提出して、その審査および最終試験に合格しなければならない。大学院共通科目または他専攻の科目は6単位まで含めてよいこととする。

・「\* 選択必修」は合計6単位以上修得すること。

・他専攻の開設科目受講に際しては、あらかじめ当該科目担当教員の下承を得るものとする。ただし、大学院共通科目については担当教員の下承を得ることなく履修して差し支えない。

Dual Degree Program, Doctor of Philosophy in Medical Sciences and Master of Public Health

[Curriculum and Requirements]

Field/Course/Area/etc.		Dual Degree Program, Doctor of Philosophy in Medical Sciences and Master of Public Health	
Subject Area	Subject	Requirements and Subjects	Credits
General Foundation Subjects	Common Subjects	Compulsory Subject : Introduction to Social Medicine (2 Credits)	14
		Compulsory Subject : Biostatistics, Basic (1 Credit)	
		Compulsory Subject : Introduction to Epidemiology (1 Credit)	
		Compulsory Subject : Medical Science Seminar VI: Epidemiology/Biostatistics Seminar (2 Credits)	
		Compulsory Subject : Dissertation in Medical Sciences (8 Credits)	
		* Elective Compulsory Subject	See below for detail
Foundation Subjects for Major	Common Subjects for Major	Compulsory Subject : Health Economics (1 Credit)	5
		Compulsory Subject : Lecture on Health Behavioral Science (1 Credit)	
		Compulsory Subject : Health Care Policy and Management (1 Credits)	
		Compulsory Subject : Health Service Administration (1 Credits)	
		Compulsory Subject : Introduction to health services research (1 Credit)	
		* Elective Compulsory Subject	See below for detail
Major Subjects	Major Subjects	Compulsory Subject : Epidemiology (2 Credits)	4
		Compulsory Subject : Biostatistics, Advanced (2 Credits)	
		* Elective Compulsory Subject	See below for detail
		Credits for Completion	30

※For General Foundation Subjects and Major Subjects of other courses of Master's Program in Medical Sciences, refer to the Curriculum and Requirements of the Master's Program in Medical Sciences.

**【How to register】**

• Students are required to follow the predetermined procedure to obtain the permission to enroll in this program and meet the following requirements for completion.

**【Requirements】**

• Students are required to obtain 30 or more credits, which should include 23 credits from Compulsory Subjects, 6 credits from Elective Compulsory Subjects, and the credits from General Foundation Subjects, Foundation Subjects for Major, Major Subjects, subjects in Graduate General Education Courses, or subjects in other courses or programs. Students are also required to submit the Master's thesis and pass the thesis evaluation and final examination. Credits for Completion may include up to 6 credits from subjects in Graduate General Education Courses or subjects in other courses and programs.

• Students are required to obtain 6 or more credits from Elective Compulsory Subjects marked with an asterisk (\*).

• To enroll for subjects offered in other graduate programs, students should obtain prior permission from the instructor of the subject. However, students are allowed to enroll for the Graduate General Education Courses without prior permission from the instructor.
