

Science mini-tour to Top Research Institute in Tsukuba Science City

大学院共通科目 01 Z Z609 1単位

10/5
(Fri)

The history of the University of Tsukuba

We will visit **Yushima-seido** (the original place of the university),

Kodo-kan (the history of Judo and the achievements of Prof. Jigoro Kano),

Tokyo campus (the previous university of the University of Tsukuba)

Advisor : SANADA Hisashi (Prof., Comprehensive Human Sciences)

10/10
(Wed)

Advanced Research in Space Science and Technology

We will make a **JAXA** tour and attend lectures on **Space Medicine** given by **JAXA** specialists.

Masaki Shirakawa, Ph. D. (Manager for ISS life sciences mission coordination Space Environment Utilization Center)

Hiroshi Ohshima, MD, PhD. (Senior Scientist, Space Biomedical Research Office)

Kazuhito Shimada, M.D., Ph.D. (Chief Flight Surgeon, Medical Operations)

10/24
(Wed)

The history of the research on elementary particles in Japan

We will visit the **Tomonaga memorial hall** on campus and the **Center for Computational Science**.

-Lecture by Prof. Kanaya on "Physics in elementary particles in Japan-From Yukawa/Tomonaga to the most advanced feature of elementary particles" (tentative)

-Lecture by Prof. Ukegawa on "Experimental study on elementary particles-Top quark, neutrino and higgs" (tentative)

• Pre-registration is required to visit JAXA. GGEC office will send you a confirmation mail by Sep. 28.

If you do not receive it, please contact GGEC office. ggec@un.tsukuba.ac.jp

• Please come to the following places 10 minutes prior.

#	Dates	Meeting Time	Meeting Place
1	Oct. 5 th (Fri)	13 : 30	Taiseiden of Yushima Temple
2	Oct. 10 th (Wed)	12 : 15	JAXA Main Entrance
3	Oct. 24 th (Wed)	13 : 45	In front of the Center for Computational Sciences, UT

湯島聖堂 大聖殿

<http://www.seido.or.jp>

• If you would like to join **a part of the class**, do not need credits.... WELCOME! Send a mail to GGEC office.
